The Great English Remedy. Thorn's Compound Extract of Copaiba and Sarsaparilla,

Possesses advantages not enjoyed by any other medicine for the cure of sexual diseases, which must with an enlightened public render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form, that of paste, it is entirely tasteless, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in almost every part of Europe; it has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession. Prepared by J. W. THORN, Chemist, London, and for sale, wholesale and retail, by Jons A. Tarnast & Co., Agents for the United States, 278 Greenwich street, New York. As the above valuable preparation has been extensively counterfeited by unprincipled parties in the United States, the proprietor has adopted, as a precaution against imposition on consumers, a Label, of which the following is a fac simile, and which will be found burnt in upon the bottom of each pot of the genuine intended for sale in the United States, Canadas, British Provinces, West Indies and South America. A MORBID sensibility of the stomach and bowels, attended with obvious disorder of the digestive Dyspepsy and its attendant ills, such as Nausea, Hordacke, Vertigo, Dimness of Sight, Delaisty of the Nervous System, Hypochometria, Jaundice. Loss of Appetite, Wasting of the Strength. Platulence, with frequent belching of wind, Vitiated Taste, Constipation and uncasiness of the Bowels, Billions Vanisting,

Paipitation of the Heart, Pain in the pit of the Stomach, or towards the right Sillowness of Complexion, Depression of spirits and irratibility of temper, dc. Have, in many cases, defied the skill, heretofore of the best medial practitioners in the world, and many cases have been abandened as incurable. Dr. J. WHLIJAMS, Chemist and Pharamaceutist, after studying closely the practice of Drs. Abernathy and J. Johnston, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portions of the United States, where it orevails to a greater extent than elsewhere, procured rom South America, certain roots and herbs, from which he prepared an "Elixir," which, after eightee 'ears' use in private practice, has proved itself more afficacious in the cure of Dyspepsy, than any medicine that has ever been prepared in any age or any clime. for the same purpose.

Having submitted it, with an explanation of its components, to a number of Physicians of Philadelphia, a mong whom were the late firs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the Medical Faculty are now not only prescri-

bing it for their patients, but are using it themselves personally, and in their families. As a tonic, it is une

mailed, and its properties are of so invigorating a na-ure, that it is given with perfect safety and success to the nost tender infants.

The "Blixir" is very gradual, but certain in its action upon the organs of digestion, the increased secretions of the liver, pancreas and mucus membrane of the stomach, and requires that only one dose be taken in twenty four hours for confirmed Dyspepey, can only be cured by gradually restoring the organs of diges-tion to a healthy state. The great success met with in curing the most aggravated cases of Dyspepsy, accom-panied sometimes with a high grade of hypochondria-sis, has established the most unbounded confidence in he curative properties of this "Elixic;" in corroboration of which, read the following testimonials;-ATTESTATION —We having used Williams "Auti Dyspeptic Elixir" with the most perfect satisfaction and success, take great pleasure in recommending it to all persons suffering with Dyspensy, as we are fully conpersons suffering with Dyspensy, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pains and uneasiness, and imparting a healthy tone to the stomach.

To all persons afflicted with Gravel.

Mr. J. F. Cowan:—Dear sir.—I hereby certify that in the summer of the year 1853, a servant of mine, a boy about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attended on him for several months, during which time he grew worse daily until he was helpless, and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithoutriptic. I procured a few bottles, the first of which gave him resief, and in a short time he was able to walk about, and finally fully recovered; since which time he has had no symptoms of said disease, and to all appearance is an healthy as any servant on my plantation. I therefore recommend it to all persons suffering under a like disease, as one of the most certain remedles known. NEAR JACKSON, Madison county, Tenn.,
